Retrospective: FAB Sprint 8

📋 Overview

Date	17 Nov 2023
Team	FAB 5
Participants	@Nikodem Adamski @Naveen Maheswaran @Sean McCrossan @Umama Sumlin Tasnuva @Oluwatobi Omole

💬 Retrospective

Start doing	Stop doing	Keep doing
Get alignment with mentors on project plan. Deployment test plans Look at PR requests regularly	Letting PR requests go unreviewed after a day. Having mentors confused.	Refactoring code. Researching improvements.
do minimum of 2 commits in GitHub per day delete branched after merge	leaving branch open after merging create branch as per the story needs and commit work related to the same	good efforts and consistent result stick to plans and process to be collaborative on documentation and presentation
